

Amos Gnanaraj J

Senior Group Lead | .NET Developer

Chennai, India | (994) 113-8411 | amosgnanaraj@gmail.com | amosgnanaraj.github.io

PROFESSIONAL SUMMARY

Results-oriented **Senior Group Lead** and **.NET Developer** with 10 years of experience across the entire software development lifecycle. Proven track record in architecting and delivering high-performance process automation tools, custom workflow solutions, and complex healthcare enterprise applications. Expert in **ASP.NET Core**, **C#**, and **SOLID Principles**, with a core focus on building highly scalable, maintainable, and premium digital solutions that boost organizational efficiency.

CORE COMPETENCIES

Backend	C#.NET, VB.NET, ASP.NET Core, ASP.NET Web API, Entity Framework
Frontend	ASP.NET MVC 5, Angular, ReactJS, JavaScript, JQuery, HTML5, CSS3
Database & Tools	MS SQL Server, Windows Workflow Foundation, RPA (Basic)
Methodologies	SOLID Principles, Test-Driven Development (TDD), Data Structures & Algorithms

PROFESSIONAL EXPERIENCE

Access Healthcare Pvt Ltd — Senior Group Lead

April 2022 – Present | Chennai, India

- Architected and managed the development of an enterprise Process Automation tool integrating bespoke components such as Web Recording and Image-based automation elements.
- Lead technical engineering teams to build highly customized business productivity infrastructure and framework extensions via Microsoft Technologies.

Gold Coast IT Solutions — Lead Software Engineer

November 2021 – April 2022 | Chennai, India

- Directed the end-to-end development lifecycle, continuous maintenance, and production deployment pipelines for core workflow applications serving healthcare domain clients.

Eurofins IT Solutions India Pvt Ltd — Senior Software Engineer

August 2021 – November 2021 | Bangalore, India

- Engineered, validated, and optimized software applications tailored for internal stakeholders, improving internal data flow architectures and deployment reliability.

Access Healthcare Pvt Ltd — Senior Developer

June 2019 – August 2021 | Chennai, India

- Developed modular features for custom RPA and Process Automation utilities, delivering robust browser recording mechanisms and localized visual automation algorithms.
- Built specialized organizational productivity modules utilizing the modern Microsoft tech stack to optimize standard operating pipelines.

Saggezza India Pvt Ltd — Associate Software Engineer

May 2016 – May 2019 | Chennai, India

- Contributed to the development of web-based client applications leveraging ASP.NET MVC 5, vanilla JavaScript, JQuery, HTML, and CSS.
- Enforced clean architecture guidelines using SOLID principles and structured Object-Oriented Programming (OOP) paradigms for production environments.
- Practiced strict Test-Driven Development (TDD) principles to minimize code regression, drive modular testing depth, and guarantee software feature stability.

EDUCATION

St. Peter's College of Engineering and Technology

August 2012 – May 2016 | Chennai, India

Bachelor of Engineering (BE) in Computer Science and Engineering — **CGPA: 6.65**

St. Joseph's Matriculation Higher Secondary School

June 2011 – March 2012 | Chennai, India

Higher Secondary Certificate (HSC) — **Aggregate: 80%**

HONORS & AWARDS

- **Gem of the Year (2025):** Awarded for exemplary engineering stewardship and operational consistency at Access Healthcare.
- **Shining Star Nominee (Groove 2019):** Selected for high individual impact and professional peer collaboration.

LANGUAGES

- **Tamil:** Native / Bilingual Proficiency
- **English:** Professional Working Proficiency
